

# PEACE MORE EXPENSIVE THAN WAR

Maintenance of the Armies  
Since Conclusion of  
Armistice

HAS COST MILLIONS  
OF PUBLIC TREASURE

Balkan Allies Resent Being  
Held Up by Turks'  
Delay.

OWN INTERESTS MUST  
BE LOOKED AFTER.

Two Hundred Million Dol-  
lars Spent Keeping the  
Armies in Idleness.

Adrianople Must be Ceded  
Within a Week or War  
Resumed.

London, Jan. 15.—Today's meet-  
ing of the ambassadors of the pow-  
ers was devoted chiefly to a discus-  
sion of the means of putting a brake  
on the threatened resumption of the  
war in the Balkans. Breathing time  
is given for efforts in this direc-  
tion by the decision of the Balkan  
ambassadors today to delay fur-  
ther action until the Turkish govern-  
ment has had full opportunity for  
a discussion of the ambassadors' re-  
solutions, which will be presented this  
evening.

It is quite evident that both sides  
will welcome the discovery of an  
acceptable way to avoid further  
fighting. The Turkish delegates ar-  
gue that but for the fact that the  
European powers have shown bias  
in favor of the claims put forward  
by the allies, they would have been  
eager to compromise with their ad-  
versaries long ago.

The delegates of the allies de-  
vise the powers raised an objection  
to their announced intention of  
making of negotiations and de-  
manding the armistice. They point  
out that on Saturday last, they no-  
tified the British foreign minister,  
and all the European ambassadors of  
their intention, and none of them  
demanded.

The representatives of Bulgaria,  
Serbia, Montenegro and Serbia de-  
clare that they must protect their  
interests, especially in avoiding  
an indefinite procrastination on the part  
of the Turks, as since the conclu-  
sion of the armistice in December,  
maintenance of the four allied  
armies on a war footing has cost  
an outlay of \$200,000,000  
must come to an end, they say.  
Within a week Turkey must either  
cede Adrianople in a peaceful man-  
ner or there will be a resumption of  
war, which in the end would be  
costly than this expensive peace

FAUGHT IN SHAFT;  
FATALITY INJURED.

Toledo, O., Jan. 15.—While  
changing his clothes preparatory to  
entering his day's employment in  
Toledo beet sugar plant in Ross-  
ford, Wood county about 6:30 this  
morning, Louis F. Robinson, 33, stu-  
dent, was caught by a whirling line  
of steel and received injuries which re-  
sulted in his death a short time  
later.

Robinson came to Rossford from  
day last October.

ARGE INCREASE IN  
DECEMBER BUILDING

Chicago, Jan. 15.—The mild weather,  
which prevailed in December is  
accountable for the phenomenal in-  
crease in building operations in that  
city according to Construction  
Bureau. There were gains in 43  
cities and losses in thirty. The per-  
centage of gain in seventy-nine cities  
thirteen per cent.

New York City (Manhattan and  
Bronx) took out permits for struc-  
tures to cost \$16,159,032, a gain of  
10 per cent. Boston gained 87 per  
cent. Chicago, however, lost 29 per  
cent.

STRONG PACKAGE  
BY PARCELS POST.

Decatur, Ills., Jan. 15.—Some-  
body threw a wrench into the  
boothly running parcel post ma-  
chine at the Decatur post office to-  
day.

## EX-DICTATOR STILL HAVING TROUBLES.

Washington, Jan. 15.—The fate of  
General Cipriano Castro's illegal ad-  
mission to enter the United States is  
now largely in the hands of Secre-  
tary Nagel, who today received a re-  
port from the special board of in-  
quiry at New York.

It is understood that the board did  
not announce its conclusions as to  
the admissibility of Castro, but sub-  
mitted the record for deported or  
admitted.

The board must make a decision  
and if it authorized Castro's admis-  
sion it would be beyond the power  
of Secretary Nagel to consider the  
case unless some member of the  
board of inquiry should appeal to him.

HYDE MURDER TRIAL  
HAS STARTED AGAIN.

Kansas City, Mo., Jan. 15.—After  
several postponements due to the in-  
ability of the prosecution to get its  
witnesses together and to motions  
by the defense for delay, the third  
trial of Dr. H. Clark Hyde for the  
murder of Colonel Thomas H. Swope,  
got under way today with the draw-  
ing of a venire.

Mrs. Hyde, wife of the physician  
accused of administering typhoid  
germs, cyanide and other poisons to  
Colonel Swope was in the court  
room.

## ROOSEVELT BUTTING IN

Sends Telegrams to Maine  
Progressives Opposing  
Burleigh.

WEEKS EASY WINNER  
ON FIRST BALLOT.

The Sentiment in New  
Hampshire is Badly  
Split Up.

Boston, Mass., Jan. 15.—When the  
legislatures of Massachusetts, Maine  
and New Hampshire met today to  
vote in the joint convention for a  
United States senator from each  
state, a choice of the first ballot was  
assured in Massachusetts alone. As  
Congressman John W. Weeks, repub-  
lican, received a majority in each  
branch of the Massachusetts legisla-  
ture in yesterday's voting, the joint  
ballot in this state consisted merely  
of a reading of the journals showing  
the vote.

Edwin C. Burleigh, republican, se-  
cured a majority in the Maine senate  
yesterday but was tied in the house  
with Senator Obadiah Gardner, dem-  
ocrat, seeking re-election. Four re-  
publicans who voted for E. M.  
Thompson, progressive, in the house,  
last night received telegrams from  
Theodore Roosevelt congratulating  
them on their action and declaring  
that "it would be a grave mistake  
from the standpoint of good citizen-  
ship if by their votes the progress-  
ives permitted Mr. Burleigh to be  
sent to the senate of the United  
States."

In New Hampshire, yesterday's  
vote of all parties was split among  
several candidates, and a deadlock  
on the first joint ballot today ap-  
peared inevitable.

Augusta, Maine, Jan. 15.—Former  
Congressman Edwin C. Burleigh was  
elected United States senator by the  
Maine legislature in joint convention  
today.

The vote was as follows:  
Burleigh (republican) 91; Gar-  
dner (democrat) 82; Thompson  
(progressive) 7.

Ninety-one votes were necessary  
for a choice.

MEASURE AIMED AT  
PRIZE FIGHTING.

Sacramento, Cal., Jan. 15.—A bill  
was introduced in the legislature  
yesterday by Senator Brown of Los  
Angeles, which has for its object the  
stamping out of prize fighting in  
California. The bill which makes  
prize fighting a misdemeanor, pro-  
vides that "boxing exhibitions" at  
which no admission fee is charged,  
may be held, the exhibitions to be  
limited to ten rounds.

HOME RULE BILL  
ON ITS FINAL STAGE.

London, Jan. 15.—The home rule  
bill entered upon its final stage in  
the house of commons this after-  
noon. When this last debate has  
been concluded which must be by  
tomorrow night, the measure will be  
passed on to the house of lords,  
where its rejection is a foregone  
conclusion.

STATE BOARD HAS  
THREE DAYS' SESSION.

Columbus, O., Jan. 15.—The an-  
nual meeting of the state board of  
agriculture convened at 9:30 today  
for a three days' session. It is said  
that the entire time will be devoted  
to matters of importance.

## LOBBYISTS TO REGISTER

If They Would Do Business  
in the State of  
Ohio.

SENATOR GREEN'S  
DRASTIC NEW BILL.

The Lobbyist Must Tell  
What Interest He is  
Representing.

Columbus, O., Jan. 15.—Drastic in  
its provisions, Senator William  
Green, of Coshocton county, pres-  
ent pro tem of the senate, has pre-  
pared an anti-lobbying bill which he  
will introduce in the senate today.

Under the provisions of the bill,  
which probably will be introduced in  
the house of representatives by Rep-  
resentative Black, of Cincinnati, ev-  
ery lobbyist and attorney appearing  
before the legislature in connection  
with any bill, must register with the  
secretary of state.

After paying a registration fee of  
\$5 the lobbyists will be required to  
state what interest or interests he is  
representing, and what he proposes  
to do in the securing of legislation.  
The bill will provide that within  
30 days after the session of the gen-  
eral assembly, the lobbyists must  
file another report with the secretary  
of state saying what their salary as  
lobbyist had been.

The bill is in line with the recom-  
mendations of Governor Cox in his  
message to the legislature.

Whether the house and senate  
shall work four days a week or fol-  
low Governor Cox's plan of laboring  
five days each week is a question  
which probably will be settled by the  
legislators today. No attempt is  
made to conceal the fact that there  
is a split in both houses over the  
question.

This afternoon Senator Weygant,  
of Portage county, will introduce a  
resolution in the senate, requiring  
that all bills referred to committees  
be reported back, favorably or un-  
favorably. If the resolution is adopted,  
no bills will be allowed to "die."  
In the hope of doing something to  
solve the problem of the high cost  
of living, State Senator John L.  
McDermott, of Trumbull county, is  
preparing a drastic bill calculated to  
prevent cold storage houses from  
"cornering" the food market.

He would make the restrictions  
against the storing of food products  
so severe that food cornering would  
be impossible. Although the details  
of his bill are not yet complete, he  
may add a provision preventing food  
products from being kept in cold  
storage for more than 90 days. This  
provision would be more drastic  
than that of any other state in the  
Union.

ANOTHER CHAMPION  
HAS ENTERED ARENA.

Duluth, Minn., Jan. 15.—Claiming  
to possess a reach greater than Jack  
Johnson, weighing 218 pounds, and  
standing 6 feet 3 inches in height,  
Jesse Westergaard, the wrestler, a-  
nounced here today that he was go-  
ing after the heavyweight boxing  
championship of the world. Emil  
Klank, once manager of Frank  
Gotch, is behind the new "hope,"  
who will fight Al Williams at Hot  
Springs, Ark., February 16.

BABY BURNED TO DEATH.

Findlay, O., Jan. 15.—Because an  
overhanging piece of carpet took  
fire from a grate and fell into the  
baby's crib, the ten-months-old son  
of Mr. and Mrs. David Bucher was  
burned to death today.

BELT LINE COMPANY  
WANT TO IMPROVE.

Columbus, O., Jan. 15.—Applica-  
tion has been made to the public ser-  
vice commission by the Cleveland  
Belt Line company for the right to  
issue \$1,000,000 common stock at  
par for the purpose of completing  
their lines. Only a few days ago  
the company secured an amendment  
to their charter authorizing the in-  
crease, which must now meet with  
the approval of the utilities commis-  
sion. The case will be heard Janu-  
ary 29.

The company now has a total of  
\$7,275,000 capital stock, of which  
amount \$3,525,000 is in common  
stock.

CRAWFORD TRIAL  
IS POSTPONED.

Columbus, O., Jan. 15.—Because  
Attorney General Hogan will be busy  
next week in the Ashland county in-  
quiry, the trial of State Senator Ed-  
ward P. Crawford for alleged bribery,  
set for Monday, has been post-  
poned until January 27. The trial  
of former Mayor Bond of Columbus,  
also for alleged bribery, set for the  
latter date, has been postponed to a  
week later, February 3.

## VACATION REACHES HORSES.

Philadelphia, Pa., Jan. 15.—A  
two weeks' vacation for everyone of  
the 800 horses in the employ of the  
city police, fire and street depart-  
ments are to be granted next sum-  
mer. An infirmity of dumb ani-  
mals has raised \$16,000 to meet the  
cost and a committee is at work  
figuring out how the horses can be  
spared from their work.

BARROW IS AGAINST  
THE SALARY LIMIT.

New York, Jan. 15.—Edward G.  
Barrow, president of the Industrial  
Baseball league will be in Chicago  
tomorrow at the National Baseball  
Commission meeting to argue  
against the salary limit of \$6,000 a  
month for Class AA clubs. This  
rule was recently made effective in  
the National Association of Baseball  
clubs. Barrow contends that the In-  
ternational league cannot operate  
under such a limit, although it sub-  
scribed to the rule at the annual  
meeting in December.

## EXPLOSION IN TUNNEL

Fifty Feet Under Ground  
Killed One and Injured  
Others.

SECOND ACCIDENT  
WITHIN SIX HOURS.

Both Believed To Be Due to  
Fumes From the  
Dynamite.

Chicago, Jan. 15.—One workman  
was killed, another is reported to  
have perished and five men were se-  
riously injured by an explosion in a  
city water tunnel at east Seventy-  
second street and Cottage Grove  
avenue today. Abraham Berriani's  
body was taken from the tunnel  
several hours after the explosion. It  
was the second blast in the tunnel  
in six hours, three men having been  
seriously burned in an explosion late  
last night.

Both blasts are believed to have  
been caused by fumes from dynamite  
which had been used in boring the  
tunnel. The tunnel is being constructed  
to connect the South Park pumping  
station at east Fifty-eighth street  
with the city water tunnel at east  
Seventy-third street.

## OFFICE OPEN ALL THE TIME

A New Rule Inaugurated  
as to the Governor's  
Office.

DOORS WILL NOT BE  
CLOSED AT NOON.

Governor Cox Put in a Busy  
Day at His New  
Duties.

Columbus, O., Jan. 15.—Governor  
James M. Cox will have no office  
hours, according to an announce-  
ment made today by his secretary,  
George Burba. "The office will be  
open all of the time, morning, noon  
and evening," said Mr. Burba to-  
day.

Under the former administration  
the office was not open for official  
business until 10 o'clock in the  
morning and two hours were taken  
for lunch at noon. According to  
the plans of the new governor the  
office will not be closed at noon.

Governor Cox arrived at his of-  
fice early today and spent the greater  
part of the forenoon in his pri-  
vate office giving attention to cor-  
respondence and routine matters of  
business.

LEFT HER JOB AND  
BECAME A THIEF.

New York, Jan. 15.—After a six  
weeks' career as an alleged pick-  
pocket, 18 year old Beadie Garten-  
berg is in the hands of the police to-  
day, admitting, the detectives de-  
clare, that she left her \$5 a week  
position in a cigarette factory to de-  
liberately turn thief because "it  
looked so easy." Upon her arraig-  
ment in court she was attired in a  
long fur coat and carried a lynx pil-  
low muff.

## ATROCITIES COMMITTEES

By Radillo's Band of Mexi-  
can Guerilla  
Raiders.

CRUISER DENVER  
SENT TO ACAPULCO

To Take Care of American  
Citizens and Interests  
There.

Washington, Jan. 15.—The  
cruiser Denver has been ordered  
from San Diego, Calif., to Acapulco,  
where a desperate situation is re-  
ported with Americans in danger.  
She will sail tomorrow and should  
arrive at the Mexican port in about  
four days. Commander Washington  
has about 270 jacks aboard and  
about a company of marines.

This government's decision to  
send a warship to protect American  
lives and property was reached early  
today after alarming reports of the  
activity of a rebel band under Julio  
Radillo had been received through  
Ambassador Wilson at Mexico City.  
Consul Edwards at Acapulco, had  
suggested that inasmuch as the  
Mexican federalists were unable to  
protect Americans and the Mexican  
commander of the town had admit-  
ted his inability to reinforce the  
garrison, a warship should be sent.

The last report from Acapulco  
said Radillo's men were operating in  
the country about there and that  
refugees from every direction were  
pouring into the town, which is one  
of the most important Mexican ports  
on the Pacific. Populations and  
atrocities by the approaching rebel  
band were reported. Americans and  
other foreigners will be taken aboard  
the Denver when she reaches there  
if they so desire. The Denver is the  
nearest ship to the danger line.

Washington, Jan. 15.—Although  
the number of Americans in the city  
of Acapulco proper is not so large,  
there are large numbers in the sur-  
rounding country engaged in ranch-  
ing and mining. Grave fears were  
entertained for their safety by State  
department officials, as soon as it  
was learned that refugees from the  
outlying country were seeking safety  
in Acapulco. The rebels also con-  
trolled Casas Grandes, where they have  
forced the suspension of operation  
on the railroad.

Reports to the state department  
today were more optimistic concern-  
ing conditions along the border in  
Sonora and Chihuahua, but the sit-  
uation is said to be bad in San Luis  
Potosi some 1200 miles north of  
Mexico City.

UNUSUAL GIFTS  
FOR MISS GOULD.

New York, Jan. 15.—It was learn-  
ed today that two unusual gifts are  
on the way from St. Louis for the  
wedding of Helen Miller Gould and  
Finley J. Shepard at Tarrytown  
next week. The Railroad Young  
Men's Christian building at St. Louis  
has been done in a gold and bronze  
miniature and made into a clock.  
The other gift is a gold and bronze  
jewel case, a miniature reproduction  
of the Gold private car "Atlantic."  
This is the gift of thirty railroad  
Y. M. C. A. branches scattered over  
the Gould lines in the southwest.

FRUIT JOBBERS ARE  
IN ANNUAL SESSION

New Orleans, La., Jan. 15.—The  
Western Fruit Jobbers' Association  
met in annual convention here to-  
day with nearly one thousand dele-  
gates in attendance. President R.  
H. Pennington of Evansville, Ind.,  
presided over today's meeting.

NINE OF THE SHIP'S  
CREW DROWNED

New Castle On Tyne, England,  
Jan. 15.—Nine of the crew of the  
Russian bark California were  
drowned today when that vessel was  
blown onto the coast of Northumber-  
land and totally wrecked during a  
gale. Captain Eskmond and seven  
men were saved.

The California had just left the  
Tyne with a full cargo. She was a  
vessel of 2,461 tons.

70,000 CHILDREN ARE  
MADE SUFFERERS.

New York, Jan. 15.—More than  
70,000 children, mostly under the  
age of 9 years, were deprived of one  
or both parents by divorce in this  
country during the past year, ac-  
cording to figures with which the  
Rev. Francis M. Moody aroused  
members of the New York state  
marriage and divorce commission  
at its meeting yesterday.

## FIFTY GUESTS MADE HASTY GET-AWAY.

Harrisonburg, Va., Jan. 15.—  
Fifty guests of the Kavanaugh  
hotel, escaped in their night clothes  
early today as the place was threat-  
ened with destruction by fire. The  
building was partially saved after a  
hard fight.

TOBACCO CONCESSION  
EXTENDED.

Constantinople, Jan. 15.—The  
Turkish government today granted  
an extension of the tobacco conces-  
sion for another 20 years.

WOMAN AVIATOR TO  
HELP SUFFRAGETS.

Washington, Jan. 15.—In order  
to demonstrate in spectacular man-  
ner the advancement of women,  
the managers of the suffragist par-  
ade here March 3 have invited Miss  
Bernetta Miller, a woman aviator,  
to swoop down into Pennsylvania  
avenue in her aeroplane on that date  
with a message for "Miss Columbia,"  
the central figure in tableaux which  
will be staged on the steps of the  
treasury department. An answer to  
the invitation is expected today.

The message, it is planned, will be  
a pronouncement setting forth the  
strides made by modern woman and  
urging that she be placed on a po-  
litical equality with man.

## JOSE RIVERS BEATS CROSS

Two More Rounds Would  
Have Resulted in a  
Knock-out.

MEXICAN HAD HIS  
MAN QUITE GROGGY

Although Cross Put Up  
Gamest Fight of His  
Ring Career.

New York, Jan. 15.—Closing like  
a champion in the final stages of a  
slashing ten-round go Jose Rivers,  
the Mexican lightweight, shaded  
Leach Cross, the pride of the east  
side, at the Empire Athletic club  
Tuesday night. In a round or two  
more Rivers might have knocked  
the dentist out, as he had him wob-  
bling in the tenth. But Leach  
fought one of his very best fights  
and gave the stranger a terrific bat-  
tle from start to finish.

In the second round Cross went  
leaping out of his corner like a will  
cat, and upset Rivers with a right to  
the jaw, knocking him over. This  
was Leach's only chance to end the  
fight with a knockout, but the Mex-  
ican soon recovered and came back  
a little stronger every round.

Rivers had been advertised as  
strictly a fighter, and he proved it.  
He knows little about the finer  
points of the game, but he was con-  
stantly boring in and battering  
away with both hands. It was one  
of the most furious lightweight bat-  
tles that has been seen in New York  
in a long time, and had an audience  
that packed Manhattan Casino howl-  
ing with delight.

Cross had the second, eighth and  
ninth rounds easily; two were about  
even, and the others belonged to  
Rivers. In the ninth Cross fought  
the Mexican all over the ring, but  
by that time the battle was just com-  
mencing to reach a length that was  
to River's liking, and he demon-  
strated his recuperative powers by  
coming back in the tenth and bat-  
tling the dentist all over the ring.

Rivers came out in the final  
round drawn up in a crouch, and  
Cross attacked him so furiously that  
the Mexican fell into the ropes. He  
came out with his gloves shielding  
his jaws, and Leach hammered him  
about the head with great earnest-  
ness. He staggered Rivers with a  
hard left, but the brown boy finally  
got steam up and jolted Cross back  
with a hard left and forced him up  
against the ropes.

In the sixth Rivers was cautioned  
for butting, while Dan Loe, the  
referee, occasionally spoke to the  
dentist about holding. In the  
seventh Rivers' attack had Leach  
doubling himself up in a knot, and  
breaking ground.

The eighth was crammed full of  
fighting from bell to bell. This  
round was Cross' with something to  
spare. He had the Mexican shedding  
sweat from his abused nose, but  
Rivers was strong at the close.

Sheriff Harburger inserted his  
picture early, bringing with him  
enough deputies to put down the  
Balkan uprising. The sheriff pre-  
empted a large section of the choic-  
est seats for his trusted followers,  
at which the crowd emitted hisses.  
Mr. Harburger did not mind. He  
shed hisses with much grace.

## PROTECTION DEFENDED BY SUGAR MEN

Who Contend That Free Su-  
gar Will Injure the  
Business.

VICE PRESIDENT OF  
SUGAR REFINERS

Appears Before the Con-  
gressional Committee and  
Stated Views.

WANTS REDUCED  
TARIFF ON SUGAR

Claims That Elimination of  
All Duty Would Cause  
Suspension

Of Sugar Industry in Loui-  
siana, Porto Rica and  
Hawaii.

Washington, Jan. 15.—The free  
sugar plan of the house democrats,  
regarded by leaders as one of the  
virtually assured features of the  
tariff revision program of the com-  
ing extra session of congress, so far  
as the house is concerned, focused  
attention on today's hearing before  
the house ways and means commit-  
tee. Witnesses were ready to rep-  
resent the American Sugar Refin-  
ing Company with Acting Presi-  
dent Edwin F. Atkins as its spoke-  
man, the beet sugar and other in-  
terests.

The house democrats claim that  
placing sugar on the free list may  
save American consumers \$115,000,-  
000 annually, while the republicans,  
charging that free sugar would sur-  
round an important industry to  
foreign importers, assert that it  
would deprive the government of  
more than \$52,000,000 revenue. The  
free sugar proposition is coupled  
with the excise tax bill as an offset  
to loss in revenue. Meanwhile, if  
two more states ratify the income  
tax amendment to the constitution  
the excise tax bill will not be pres-  
sed.

The tentative basis of revision  
is the free sugar schedule of the  
last session that failed of agree-  
ment between the two houses and  
would admit free of duty, sugars,  
tank bottoms, sirups of cane juice,  
molada, concentrated molada, con-  
crete and concentrated molasses,  
molasses generally, maple sugar,  
maple syrup, refined sugar, glucose,  
or grape sugar and sugar cane.

It would tax saccharine 65 cents a  
pound, sugar candy and other con-  
fectionery, valued at fifteen cents a  
pound or less, and sugars after be-  
ing refined, when tintured, colored,  
or in any way adulterated, two cents  
a pound or if valued at more than  
15 cents a pound, 25 per cent ad  
valorem.

The tariff on sugar now amounts  
to about one and one-half cents a  
pound, say the democrats in basing  
their estimate of the effect of the  
free sugar proposition. The house  
leaders are not sure of free sugar in  
the senate.

The American Sugar Refining  
company went on record at the out-  
set of today's hearing in favor of a  
reduced tariff upon sugar, retention  
of the small differential duty upon  
refined sugar, "if protection is to be  
accorded to any industry," and the  
continuance of the present com-  
modity standard as the most practicable  
distinction between raw and refined  
sugars for customs house classifica-  
tions. It opposed the abolition of all  
duty upon sugar on the ground that  
it would destroy at once one of the  
largest sources of revenue. The  
American company's position was  
presented by Edwin F. Atkins, vice  
president and acting head of the  
company, who was accompanied by  
several other officials. Mr. Atkins  
contended that abolition of all duty  
on all sugar would cause the termi-  
nation of the Cuban reciprocity  
treaty under which Cuban sugars get  
a preferential rate of 20 per cent  
and Cuba gives preferential rates of  
20 to 40 per cent upon goods coming  
from the United States. He also de-  
clared that free sugar would open  
the United States market to the im-  
portation of refined beet sugars from  
Europe upon the same terms as raw  
sugars in competition with domestic  
refined.

"Free sugars while present pro-  
duction is maintained," he said,  
"would drop prices here so low as to  
destroy the Louisiana industry; the  
beet sugar industry particularly east  
of the Mississippi river, would de-  
press Porto Rican and Philippine  
sugars far below their production  
cost and make Hawaiian production  
unprofitable, thus largely curtailing  
our present sources of supply."

## AUXILIARY RECEPTION

Held by Women Who Help  
Out the Young Men's  
Christian Ass'n.

REVIEW GOOD WORK  
ALREADY DONE

And Plan Bigger and Better  
Things for the Near  
Future.

Members of the Ladies' auxiliary of the Young Men's Christian Association showed the splendid work their efforts had accomplished and entertained nearly two hundred friends of the organization Tuesday evening, when the second annual reception was held. Receiving on the first floor were Mrs. Oliver Sullivan, president of the auxiliary, Mrs. B. B. Simpson, vice president and Mrs. Chas. O'Harrow, treasurer. Stationed at the entrance on the second floor were Mrs. J. K. Harboldt, chairman of the house committee and Mrs. J. P. Bowman, secretary.

Mrs. Harboldt, Mrs. John Reed and Mrs. T. R. Hamilton were the committee in charge of the refreshments and during the evening, sandwiches, pickles and coffee were served. The principal addresses of the evening were delivered by Rev. M. B. Fuld of Trinity Methodist church, from the subject, "What the Y. M. C. A. is to the City," and by Mr. W. S. Shepard, formerly connected with the institution, from the subject, "What the Y. M. C. A. is to the Boys."

Contributing to the musical and literary part of the program were Miss Gilbert, who sang, Miss Kelley, who gave a piano number, Misses Pauline Bowman and Audrey Akerman, who gave readings and Misses Gladys Simpson and Ada Seidermorn, who rendered a piano duet. Throughout the evening a quartette, composed of Mrs. Anna Roberts Davies, Mrs. Kahle, Mrs. Melvin Light and Miss Kahle furnished musical numbers.

The auxiliary is composed of the good women from many of the city churches, who pay into the treasury the amount of \$1 a year. In various ways they turn their efforts to money-making, for the purpose of furnishing dishes, rugs, silver, curtains and the things which go to make cheerful and home-like this place for boys and men.

They have done a splendid work and accomplished much for the good of humanity and for the city of Lima in particular. Meetings are held the first Tuesday of each month at

the Y. M. C. A. building and the work goes on with intense interest. Women of all churches, creeds and denominations are asked to become members and add their mite in helping out this worthy Lima institution.

Columbus, O., Jan. 15.—Members of the house and senate temperance committees will head a joint meeting tonight, probably in the senate chamber of the state capitol building, to decide upon the rules to govern the public hearings on the liquor license code.

According to members of both the house and senate committee, the public hearings probably will be held next Monday, Tuesday and Wednesday evenings. Many of the legislators have expressed the desire that the liquor code be gotten out of the way as quickly as possible so that other administration measures may have the right of way. The decks have been cleared in both houses for quick handling of the license code, which will be given a clear track.

Governor Cox gave no intimation today as to what he will do with the recess appointments of Governor Harmon which he recalled from the senate yesterday. Rumors had it today that all of the appointments, with the exception of John I. Miller as canal superintendent, will be filled with new men.

## SMOKE FROM BURNING FLUE

Caused Consternation at  
Empire Hotel This  
Afternoon.

LITTLE DAMAGE  
WAS WROUGHT.

Flue Leading From Kitchen  
of Kable's Restaurant  
Burned Out.

The full equipment of the central station was called out about 1:30 o'clock this afternoon in answer to an alarm from the Empire hotel, at the northwest corner of the public square. When the department arrived, it was found that the flue that carries the smoke from a gas range in the kitchen of the Kable restaurant, located on the first floor of the Empire hotel building, had burned out. The blaze had been extinguished when the firemen arrived, and the only damage done was to the kitchen, the floor of which was covered with soot and dirt from the burning flue.

Smoke from the burning grease filled the second and third floors of the Empire hotel, and consternation reigned among the few guests who were in the hotel at the time, as the place had every appearance of being on fire. The firemen lingered about the building for several moments, thoroughly satisfying themselves

that the danger was over before they returned to the station.

Pedestrians on north Main street were terror stricken when the gong sounded, as a veritable volume of smoke was circulating about the public square at the time, giving rise to the fear that a big fire was raging in the business district of the city. This was due, however, to the atmospheric conditions, and not from the small fire in the Empire building.

## GRIM REAPER UTTERS CALL

And Mrs. Emma Foughty  
Passed Away at Home  
of Daughter.

RESIDENT OF LIMA  
EIGHTEEN MONTHS.

Funeral Services to be Held  
Here but Interment in  
Decatur, Ind.

Again the hand of death has fallen on another Lima family, and the mother no wiles lifeless at the home of her daughter. Mrs. Emma Foughty, a rather recent resident of this city, was the one to whom the call came this morning, and who has gone to her reward in the promised land beyond.

Mrs. Emma F. Foughty was the daughter of Mr. and Mrs. John King, and was born in Decatur, Ind., on the fourth day of March, 1861. The most of her life was spent in the city of her birth, but she came to this city about a year and a half ago, to make her home with a daughter here. For the past several months she has been on the sick list, suffering from an attack of

uremic poisoning, which in the end became acute and was the cause of her death. She was 52 years old.

Mrs. Foughty died at the home of her daughter, Mrs. Lucile Siebolt, of 915 Linden street, at 4 o'clock this morning. Besides the daughter with whom she has been making her home she is survived by two other daughters, Miss Margaret Case, who also lives with Mrs. Siebolt, and Mrs. O. A. Alspaugh, of Cuyahoga Falls, Ohio, and by son, Charles D. Case, of Poughkeepsie, N. Y.

The funeral services will be held at the home of the daughter, 915 east Linden street at 8 o'clock Friday morning. The remains will then be taken to the old home at Decatur, Ind., where the interment will be made.

# ECONOMY IS THE SLOGAN

Lima Schools Most Cheaply  
Managed in the State  
of Ohio.

ENROLLMENT IS  
FAST INCREASING.

School Board May Carry Its  
Own Fire Risks on  
Buildings.

According to the report submitted to the board of education by Superintendent of Schools John M. Davidson, the public schools of Lima are the cheapest managed in the state. For a number of years, Davidson has been keeping a comparative table of the cost of operating the schools in the eleven largest cities in the state, and each year shows Lima to have the lowest cost per pupil of any city in the list. The year 1912 is no exception, as will be shown from the following figures:

| City         | Enrollment | Total Cost  | Cost Per Pupil |
|--------------|------------|-------------|----------------|
| Cleveland    | 79,382     | \$4,599,237 | \$57.93        |
| Incumbent    | 53,880     | 2,478,054   | 45.97          |
| Columbus     | 25,565     | 1,183,970   | 46.40          |
| Chicago      | 25,071     | 1,580,041   | 62.92          |
| Dayton       | 17,003     | 655,816     | 38.54          |
| Cincinnati   | 12,248     | 687,127     | 54.46          |
| Indianapolis | 13,291     | 456,973     | 34.38          |
| St. Paul     | 7,936      | 275,808     | 34.25          |
| St. Louis    | 7,726      | 268,000     | 47.62          |
| Springfield  | 4,649      | 198,214     | 40.48          |
| Hamilton     | 5,334      | 160,863     | 30.15          |

These figures certainly show that the charge made in certain quarters, that the schools of Ohio are guilty of wasteful extravagance in the use of money, does not apply to Lima. It has been true for a number of years that the cost of public instruction per pupil in Lima has been lower than in any of the other ten largest cities in the state. Whatever may be said in certain quarters about the enormous cost of the public schools, and whatever charges of wastefulness may be made in other cities, the management of the Lima schools has been characterized by economy at all times during the last eight years, as has been shown by the superintendent's annual reports from year to year.

The above figures were gleaned from the superintendent's reports of the different cities, and the total cost includes all monies spent for schools, no matter for what purpose. It is interesting to note that Hamilton, with about 5000 more people than Lima, has almost 700 less children in the public schools.

**Enrollment and Attendance.**  
The superintendent's report also shows the enrollment and attendance for the month of December was 78, showing an increase over last year of 300 pupils. The increase in high school is exactly 41. The average per cent of attendance for the city was 95 per cent for December, with Franklin building having the best average, 97, and the high school the lowest with 92.3 per cent.

One hundred and sixty-nine cases of tardiness were reported during the month all over the city. Whittier building led with 38, while only one case was reported at the College building.

**Bank Deposits.**  
The total amount of bank deposits in the different buildings during the month of December was \$1152, divided as follows: Franklin, \$9.50; Washington, \$95.07; Lincoln, \$126.40; Garfield, \$91.15; Hider, \$111.24; Irving, \$102.52; Bell, \$189.12; McKinley, \$120.04; Harrison, \$18.13; Emerson, \$52.00; College, \$10.34; Shawnee, \$1.15.

**Bills Paid.**  
After some lengthy discussion, the

following bills approved by the finance committee, were ordered paid: T. G. Shied, for plumbing at College building, \$500; balance due \$1600; P. E. Wood, for labor and supplies on new addition to Whittier building, \$1530; making a total of \$22,790 paid on contract price of \$33,905; American Warming and Heating Company, for heating and ventilating Whittier building, \$2000; Leech and Leech, architects, work on Whittier building, \$100; Peerless Coal and Coke Company, \$469.32, for coal delivered to various buildings.

Miller called attention to the fact that it was a rule of the board to allow bills only on the second meeting night of the month, and that this rule should be adhered to. Objection was made also to paying the Peerless Coal and Coke Company's bill until it could be gone over and investigated, but it was finally decided to allow the bill as it stood.

**Carry Own Risks.**  
It may develop that the board of education will carry its own risk on the school buildings, instead of paying premiums to fire insurance companies. The matter was not thoroughly discussed last evening, however.

The suggestion was made by Dr. J. C. Pence, who argued that thousands of dollars had been expended foolishly in past years for fire insurance. He said that the close proximity of the school buildings to the fire departments afforded such insurance that no large fire could ever occur.

The matter was brought forth when Rev. I. J. Miller, chairman of

the law and contract committee, submitted a number of life insurance policies taken out through local firms for the approval of the board. The matter was referred to the law and contract committee, with instructions to report at the next meeting.

**Junior Waives Claim.**  
In a written communication to the board, signed by two witnesses Lucius H. Berry, former janitor of the Richardson and College building, whereby he agrees to perform the duties of janitor of College building only for a salary of \$40 per month and rent and heat. A case is now pending in the circuit court in which Berry and the school board are litigants, and it is specified that the waiver submitted last evening should not prejudice or effect the case at issue.

**Small Pox in Lima.**  
Chairman Rudy of the sanitary committee reported that there was a case of small pox in Lima, and he recommended that the supply committee purchase a quantity of formaldehyde for fumigating purposes as the supply is low. Rudy complained bitterly of the methods used by the health board in preventing a spread of the disease, and said that every precaution should be taken by the teachers and pupils of the schools.

**New Committees.**  
President McClain announced the following standing committees for the year, which are about the same as last year: Finance, Gensel, Pence and Rudy; Text Books and Supplies, Pence, Gensel and Muntz; Teachers and Salaries, Farst, Pence and Gensel; Buildings and Repairs, Gensel, Muntz and Rudy; Sanitary, Rudy, Miller and Faust.

## IRKBY IS OUT ON \$10,000 SURETY BOND.

Columbus, O., Jan. 15.—Arraign-  
ment of William Kirkby, of Toledo,  
mer railroad commissioner, at-  
torney, politician and member of the  
Ird house, probably will not oc-  
cur today. Notice of the three in-  
struments which charge Kirkby with  
ing through an indirect bribe  
mer Representative Nye, of Pike-  
nty, has not yet been served upon  
defendant and this fact it is  
erstood will necessitate a post-  
ment of formal arraignment.  
time Kirkby is at liberty on a  
0,000 surety bond.

## REX GETS TWO YEARS IN PENITENTIARY.

Columbus, O., Jan. 15.—His form-  
er service as clerk at the peniten-  
tiary will likely secure a similar po-  
sition for Irving N. Rex, defaulter,  
who entered the penitentiary today  
as a convict.  
Rex, who pleaded guilty in Judge  
Rogers' court yesterday and was sen-  
tenced to two years' imprisonment,  
was taken to the prison today by  
Sheriff Resch, who was deputy war-  
den of the penitentiary when the  
former was serving as prison clerk.  
Rex was on the verge of collapse  
when he bade his wife good bye and  
entered the prison "bull pen" where  
he was to don the stripes.

## REMAINING WITNESSES

In the House Committee In-  
vestigating the Money  
Trust

WILL BE EXAMINED  
DURING THIS WEEK.

Chairman Pujo Hopes to  
Close Hearings Within  
Few Days.

Washington, Jan. 15.—A speedy  
examination of the remaining wit-  
nesses, and an early termination of  
the money trust inquiry was planned  
today by the house committee in-  
vestigating the financial situation.  
Chairman Pujo, of the committee,  
declared he hoped to close the hear-  
ings by the end of the week.  
Dr. C. W. Richardson, of Wash-  
ington, was called today to submit  
to the committee his report on the  
physical condition of William Rock-  
efeller, whom he examined at  
Miami, Fla.  
A considerable amount of testi-  
mony, relating to the concentration  
of money and credits and to stock  
exchange methods still remains to  
be taken but Samuel Untermyer and  
Chairman Pujo plan to condense the  
evidence as much as possible to be-  
gin work on the report of the com-  
mittee, which must be submitted  
before the present congress ends  
March 4. An attempt will be made  
to continue the work of the com-  
mittee in the next congress.

## THE STAGE

### MAE LA PORTE.

There is no diminution in the size  
of the audiences Mae La Porte is  
attracting to the Faurot this week,  
and there is not much room for an  
increase. This afternoon she de-  
lighted another big audience with  
a pretty comedy-drama, "That Girl  
Nora," and there is a big sale for  
tonight, when she will offer her  
elaborate production of "The White  
Sliver." This splendid play by Marlon  
Crawford was first acted here by  
Viola Allen and Miss La Porte will  
present the play in the same identi-  
cal form, having secured the rights  
from Leibler and Company. There  
will be no advance in the popular  
scale of prices.

### "THE BALKAN PRINCESS."

The offering at the Faurot next  
Saturday afternoon and night will  
be "The Balkan Princess," and will  
no doubt prove to be one of the real  
musical treats of the season. "The  
Balkan Princess" is an English im-  
portation, having had one year's run  
at the Prince of Wales and Gaiety  
theatres in London prior to its New  
York production. The presenting  
company numbers about 75, and  
aside from its musical charm, "The  
Balkan Princess" is said to be gaily  
captioned and to contain sufficient  
comedy for half a dozen ordinary  
musical shows. There is only one  
company presenting the piece, there-  
fore most of the original members  
will be seen here, including Julia  
Gifford, Joseph W. Standish, Eu-  
lalie Young, Wallace Beery, Vera  
Rosamond, N. E. Dano, Mae Harring-  
ton, Tom Van, Wm. Meyer, Geo.  
Poulton, Fred Madden and Lew  
Brich. The Balkanese chorus is

said to include some stunning beau-  
ties, notwithstanding that they were  
selected principally for their voices.  
The advance sale opens Friday morn-  
ing for both performances.

### TRINITY LADIES NOTICE.

## SITUATION UNCERTAIN

As to Just What Governor  
Intends to do With  
Appointees.

MANY APPOINTEES  
UNDER HARMON

Do Not Know Whether They  
Have Same Positions  
for 1913.

The attitude of Governor Cox in holding up the recess appointments of Governor Harmon for further investigation has local significance in that several Lima men will be directly concerned in the decision of Ohio's new chief executive.

Press dispatches from Columbus, Tuesday, stated that Oil Inspector McKinney would be shelved, at least temporarily, in which event John W. Beall, the local deputy oil inspector, may lose out although such a possibility seems too remote to consider when it is remembered that Mr. Beall has the unqualified endorsement and recommendation of Hon. Henry Goetz, for several years a close friend of the then Congressman Cox in Washington. Another chance for the political axe to effect the local community is through the possible removal of Frank E. Baxter, as superintendent of banks.

There is absolutely nothing definite in the situation so far as the public can be assured of at the present time except such information as comes from the seat of Ohio's political changes and changes, Columbus. The following dispatch, as to the action of the senate in concurring with the request of Governor Cox as to a correct solution of the future action of the new governor as is available at this time.

"That Governor Cox intends assume full responsibility for the management of his administration, asking only to be permitted to name his own staff, is indicated by a special message withdrawing from the

senate a large number of recess nominations of state officials made by his predecessor, former Governor Judson Harmon.

This request was acceded to by the senate without objection. "Out of five offices—Highway Commissioner James R. Marker, Fire Marshal John W. Zuber, Banking Examiner F. E. Baxter, (anal Superintendent John I. Miller, and State Printer E. A. Crawford—only one, Miller, is likely to be re-appointed, it was said tonight. The rest, it has been whispered today, have gone by the boards."

### LYRIC THEATRE.

Tonight will be your last opportunity to see the Barrett Players in that great play of J. Hartley Manners, "The House Next Door," which has been drawing such large and well pleased audiences to the Lyric theatre, and which is pronounced by all to be the best they have ever seen at popular prices. Mr. Edward B. LaRenz, as Sir John Cotswold, is winning new laurels, as Lima theatre-goers have never seen him in a character role of this kind, and in fact that many compare his work favorably with the original, J. E. Dodson, should be very flattering to Mr. LaRenz. Commencing tomorrow afternoon at 2:30 o'clock, the Barrett Players will offer the four-act comedy drama, "A False Friend," a play that will appeal to all. Last performance of "The House Next Door" tonight at 8:15 o'clock.

### LECTURES AT BOWLING GREEN.

Mr. Riddle will address the show on the following subjects today: "The Moisture Test of Corn," and "County Agricultural Auxiliaries—Plan and Purpose."

Neil C. Cast, of Defiance, will also attend the Bowling Green show for the purpose of giving a demonstration and explanation of the moisture test of corn.

Cut the High Cost of Living.  
W. H. Chapman, Winnebago, Neb., tells how he did it. "My two children had a very bad cough and the doctor's medicines did them no good. I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I saved a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound. No opiates. M. M. Keltner."

## MYSTERY OF FOUL MURDER

Committed Four Months  
Ago on South Side May  
be Unravalled.

ZANESVILLE MAN  
WRITES POLICE

Asking for Description of  
Body Held at Whit-  
ley Morgue.

Inquiry reached Chief Vermillion today from Walter L. Schumacher, of Zanesville, Ohio, asking for a complete description of the body of the man murdered in an old barn in south Lima on September 1, which has been held at the Whitley morgue in this city, awaiting identification.

Schumacher noted a despatch in the Zanesville paper which had been sent out from Lima, telling of the unidentified body being held in this city. He does not state in his letter who is missing from Zanesville, but from the tone of it, it is inferred that he is seeking information that might unravel the mystery of the disappearance of some one near to him, most likely a brother.

Chief Vermillion will mail a description of the body to Schumacher at once, and it may develop that the mystery surrounding the murder on the south side will be partially solved.

The body of the murdered man was discovered in the loft of an old barn near the Erie tracks on the morning of the first of September, by a gang of hoboes, who notified the police of their find. Detectives worked for days trying to run down the murderer, but not the slightest clue to his identity or to the causes of the crime could be obtained.

The body was removed at once to Whitley's morgue, where it has since been held. Hundreds of persons have viewed the remains, which now have the appearance of a petrified man.

WINKFIELD HAS GOT  
HIS SECOND BREAK.

Washington, Jan. 15.—William Winkfield, the former Standard Oil negro messenger, who has told the senate committee investigating campaign funds of his participation in the sale of the "Archbold letters," made material alterations in his testimony when he re-appeared today before the committee.

Winkfield told the senators he had "stage fright" and a bad headache yesterday, but that he later remembered that one telegram, two letter copy books and three parcels of letters were taken by himself and Stump, another messenger, and for his share got \$15,000 which he believed to be one-third of the price paid. He said he understood they were sold to the New York Ameri-

### GOV. COX GRANTS FIRST REQUISITION.

Columbus, O., Jan. 15.—Governor James M. Cox today issued his first requisition for extradition upon the governor of Illinois.

William Kutzberger, wanted in connection with a charge of grand larceny for stealing \$500 from his mother, will be brought back from that city to answer the charge if the requisition is honored. After he is alleged to have taken the money from his mother's home, Kutzberger bought a ticket for Milwaukee and left saying that he was going to join a vaudeville company. Later he was located in Chicago.

### GENERAL BOOTH'S SON WAS MARRIED TODAY.

New York, Jan. 15.—Charles Brandon Booth, of Montclair, N. J., son of General Ballington Booth, head of the Volunteers of America and Miss Naomi Sutherland Bailey, of Lockport, N. Y., were married today at St. George's church.

Continued to the Pine  
Street Crossing.

Little Elmer Hilty, the six year old son of Mr. and Mrs. Henry Hilty, of 407 east Wayne street, who was struck late yesterday afternoon by a switch engine on the Pennsylvania railroad, and so severely injured, died this morning at the hospital at about four o'clock. The death was the direct result of the injuries to the child's head, he having suffered a fractured skull when hit by the locomotive. The little body was taken this morning to the undertaking parlors of Floyd Whitley, and will rest there until tomorrow.

The taking away of their little boy comes as a very hard blow to the parents, who are nearly prostrate with grief. The little lad was the picture of health, and it was while at play that he received the injuries which resulted in his death this morning.

The child and two small companions were playing about the scales at the side of the Shappell warehouse, where a spur runs off the main track and constitutes a side track for the accommodation of this firm. The heavy mail train on the west bound track had just come to a stop before the crossing of the L. E. and W. and C. H. & D. with the Pennsylvania line and was in the process of starting again, with all the concomitant puffing and blowing of a large locomotive.

The little Hilty lad was watching this big train start and was standing with one foot on the east bound track. The noise of the starting engine drowned out the noise of the approaching switch engine. He did not see it coming, and before he was aware of any danger he was struck by the front footboard of the engine and was thrown upon it. Here his clothing caught, and he was carried along by the engine. The crew was utterly unaware that they had hit the boy, and knew nothing of it until they had reached the Pine street crossing, where a driver who was waiting for the engine to pass noticed the body hanging on the front, and shouted to the engineer. The latter looked out, as did his fireman, but from the cab windows they were unable to see the footboard. The driver continued to shout at Engineer Neely as the engine proceeded and in the end the engine was stopped and the crew got out. Finding the body when they had gotten out they lifted the bleeding form into the cab and rushed back to the passenger station, where a call was immediately put in for the Whitley ambulance, and the boy made as comfortable as possible.

The funeral services will be held at the DeWitt chapel east of this city at one-thirty o'clock on Friday afternoon. Interment will be made in the cemetery which adjoins this chapel.

### LITTLE DOING IN POLICE COURT.

This morning's session of police court was unusually brief but five offenders, all charged with drunkenness, being arraigned before the mayor. Each of the quintette pleaded guilty, and was fined \$1 and costs. They registered as Pearl Rimer, James Moore, James Ryan, Pat Sweeney, and W. S. Harris.

### PROMINENT ELK FROM VAN WERT.

Ned Carey, a prominent Elk, of Van Wert, was a business visitor in Lima yesterday, returning to his home late last evening. Mr. Carey was formerly in the newspaper business but is now the active head of the Van Wert Novelty company. He was a conspicuous figure in the minstrel show given by the Van Wert Elks a few weeks ago.

### ATTORNEY COMES TO HIS RESCUE.

Ell Brentlinger Again a Prisoner at  
the City Jail For a Short Time  
Yesterday.

Ell Brentlinger, the east end saloonist, who has been in the limelight continually during the Shock demonstration for alleged liquor violations was a prisoner in the city jail for several hours yesterday, until his attorney, John Klattke, secured his release by paying fines and costs amounting to \$212.79 assessed against Brentlinger in August of last year.

When the period allowed by law in which to appeal cases from the lower court to the court of common pleas expired without any action being taken by the defendant, Mayor Shock ordered an execution of two sentences each for \$100 and costs assessed against Brentlinger made in default of payment of the full amount, the mayor ordered the saloonist committed to the city jail.

Brentlinger spent several hours in the city jail before his fines were paid by his attorney. He also was a prisoner for a short time Monday until his bartender, Lawrence Steer, secured his release by paying an old fine. Brentlinger has paid about \$500 in fines and costs into the city treasury within the past thirty days.

### JACK JOHNSON WAS BEFORE JUDGE TODAY

Chicago, Jan. 15.—Jack Johnson, who was interrupted at Battle Creek, Mich., yesterday while on his way to Toronto, Canada despite the terms of a bail bond holding him within the jurisdiction of the United States district court at Chicago, gave a satisfactory explanation to Judge Carpenter today.

He was not surrendered on the \$70,000 bonds covering his appearance to answer charges of violating the Mann act, but was given up on a \$5,000 bond covering a charge of smuggling.

The \$50,000 bail was allowed to stand and the prize fighter was given time to secure a new bond on the smuggling charge.

Jack I. Mayer, clerk to Mayor Shock has been appointed by Safety Director Blank as his clerk to succeed W. A. Burkhardt, who resigned to take the position of secretary of the water works department. Mayer will hold down both jobs for the re-

## ADDITIONS TO STRIKERS

Resulted From the Distribution of Flaming Red Posters.

**FACTORY GIRLS WALK OUT TODAY**  
And Join the Ranks of the Garment Workers Now Out.

New York, Jan. 15.—Fifty thousand flaming red posters, distributed in 600 girls' dress and shirt waist factories today, turned nearly 40,000 workers into the ranks of the strikers in the garment making trades, now numbering nearly 200,000. The posters were the official call for a strike among dress and waist makers, who had previously sanctioned such action by an overwhelming vote. All of these employees are girls, some of them under 14 years old, and their organizations have appointed committees to guard the idle workers against agents of the white slave trade.

The first demand of the dress and waist makers is "no locked doors." They declare that the lesson taught by the Asch building fire, in which 147 girls lost their lives, has not been heeded and that they are forced to work in unsafe and unsanitary shops.

## SEASONS OPENS FOR HIGH SCHOOL GIRLS

Fast Basket Ball Team From Continental Will Be Attraction Next Friday.

The Lima High School girls' basketball team will go up against the fast girls' team from Continental high school, Friday afternoon. Two preliminary contests will be called at 3 o'clock, with the High School Juniors and the Thanksmen as opponents.

This will be the opening game of the high school season for the girls and it promises to be a hard fought game, as the Continental girls showed what class they were made of when they defeated the Business Women's club team at Wheeler hall, last week.

Couch Wesley Bolen has put the girls through practice stunts during the past week, and has the team in good condition for the game.

The probable lineup for the Lima team is as follows: Center, Beatrice Thompson; center guard, Gerlie Spangnel; guards, Clara Graham.

Florence Morrison and Helen Spangnel; forwards, Lucy Cullen, Florence Priest and Laura May Gallisple.

The captain of the team will be chosen after the game. Some fast games are promised when the Lima High school girls are pitted against girls' teams from Ft. Wayne, Paulding, Bluffton, Celina and other fast teams from this section of the state.

## BUTCHER AND SWAN QUIT EVEN.

Dr. E. A. Swan and W. H. Butcher tied for the city checker championship in the finals of the tournament held last evening in the Y. M. C. A. parlors. ## PROVISIONS OF ORDINANCE

Appropriating Funds for City's Use Will Be Gone Over.

**AS COMMITTEE OF THE WHOLE**  
Council Will Meet This Evening to Examine Ordinance.

The city council, sitting as a committee of the whole, will meet this evening to go over the semi-appropriation ordinance, submitted by the finance committee at the first regular meeting of the New Year, which was held Monday evening, January 6th. A motion to suspend the rules and place the ordinance on its passage failed by a vote of 7 to 2, the majority of the members preferring to examine the ordinance carefully before approving its passage.

It is not thought that many changes will be made in the original ordinance, but there are some items contained in it that are likely to be changed. There is some opposition to approving the \$1000 set aside for the purchase of water meters, and this item may be stricken out by the committee. Other minor items will be discussed at length this evening by the members, and some changes will in all probability be made.

The opposition manifested at the meeting one week ago last Monday was not so much against the ordinance itself, as it was because the members of council believed that so important document should not be passed until they had ample time and opportunity to study it and become familiar with its provisions. Prior to the meeting, only the three members of the finance committee had seen the instrument.

## A TRACE OF HER SISTER

Is Greatly Desired by a Spokane Woman Who Writes to Lima Police.

**SEPARATED IN HER EARLY YOUTH**  
She Was Adopted Sixteen Years Ago by John Kibbener, Letter Says.

Chief Vermillion is in receipt of a letter this afternoon from Mrs. Paul McCrocker, east 1819 north Crescent street, Spokane, Washington, asking him to aid her in the search for her sister, who, it is believed, is in this part of the country. Particulars are so meagre in the letter, however, that it is hardly likely that the police of this city will be of much assistance.

Mrs. McCrocker says that her sister, now about 19 or 20 years of age, was adopted at the age of four by a man named John Kibbener, and that they have been separated ever since. The real name of the girl was not contained in the letter, nor was there any inkling given of the probable address of Kibbener.

The only means of identification given in the letter is, that the girl has the third finger of one of her hands cut off at the first joint. Her sister is of the opinion that it is her right hand that is disfigured, but she is not positive that she is right. Anyone who has any knowledge of the girl or her present whereabouts should communicate with Chief Vermillion of this city, in order that the two sisters can be reunited after years of separation.

Mrs. A. R. Tabor, of Orider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers.

### THE BIER.

Patrons of the Manhattan Hotel at breakfast time have been startled these past few mornings by the odd antics of the popular waiter Clarence "Red" Reich, who for some reason, is so full of "pep" that he tries to do the work of a half-dozen men.

Curious to discover the actual cause of so much "ginger," a reporter, with the aid of Mine Host Conaway, Clerk Evan Hughes and an innocent bystander by the name of Clark, cornered "Red" and held him from his beloved work long enough to learn his story.

It seems that "Red" was a visitor in Van Wert county last summer and while there expressed great admiration for the live stock shown him. In fact his enthusiasm became so great that the owner of the animals made a mental note of the fact and waited. Monday, by

## Relieves Neuralgia

Sloan's Liniment gives instant relief from neuralgia or sciatica. It goes straight to the painful part—soothes the nerves and stops the pain. Don't rub—it penetrates.

**PROOF**  
Mrs. RUDOLPH NISCKE, Oconto, Wis., writes:—"I have used Sloan's Liniment for toothache and neuralgia in the head where nothing else would help me and I would not be without the Liniment in the house."

## SLOAN'S LINIMENT

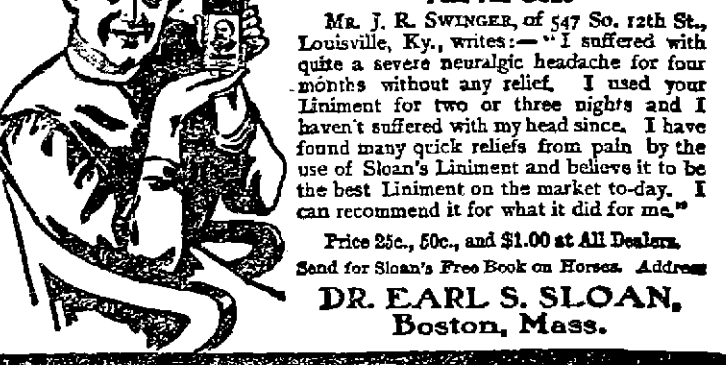

is also good for rheumatism, sore throat, chest pains and sprains.

**Pains All Gone**  
Mrs. C. M. DOWKER, of Johannesburg, Mich., writes:—"I wish to say your Liniment is the best medicine in the world. It has cured me of neuralgia; those pains have all gone and I can truly say your Liniment did cure me."

**Pain All Gone**  
Mr. J. R. SWINGER, of 547 So. 12th St., Louisville, Ky., writes:—"I suffered with quite a severe neuralgia headache for four months without any relief. I used your Liniment for two or three nights and I haven't suffered with my head since. I have found many quick reliefs from pain by the use of Sloan's Liniment and believe it to be the best Liniment on the market to-day. I can recommend it for what it did for me."

parcels post, came the cause of "Red's" admiration and when creamed, were highly relished.

In giving an expert diagnosis of "Red's" case, Dr. Blattenberg stated today that had the patient not played "Dick Smith" with his valued delicacies, he would not have to now be battered and humiliated between working hours.

Dr. G. A. Bachmayer of 450 south Pine street, who was forced to seek the Lima hospital on account of blood poisoning, is steadily improving since being removed to his home. Dr. Bachmayer is not yet able, however, to assume the duties of his practice.

Mrs. James Shearer, of 314 south Pine street, and Mrs. Elhu Hubbell, of 309 south Pine street, are sisters of David R. Reynolds, mention of whose death was made yesterday in the Times-Democrat. Both of these sisters survive.

Columbus, O., Jan. 15.—Representative Bigelow introduced his bill in the house this afternoon which, if passed, would repeal the charter of the Cincinnati Street Railways Company and would limit any new franchise to 25 instead of 50 years.

Ashtabula, O., Jan. 15.—Despondent because he could not find work, E. D. Douglass, 45, stood in front of a mirror in the dining room of his home on Center street this morning and cut his throat with a razor. The thrust severed the jugular vein and in order to keep the blood off the carpet Douglass held his hand over the gash and staggered into the bathroom where he leaned over the wash stand and slowly bled to death. He stood as long as possible then toppled over on the floor. He leaves a wife and three small children.

Ashtabula, O., Jan. 15.—What is said to be the biggest gas gusher ever struck in this section of the country was opened at Austingburg today, after drillers had gone down 1715 feet. The well blew off eight million feet of gas on its own pressure.

## Look for the Red Line

Most of the famous musicians have marked their individual interpretations on "Pianola" player-piano music rolls in the form of a red Metrostyle line. This line shows note by note the exact shade of expression necessary to reveal the soul that's lurking in every musical work, so that even a person without musical knowledge can duplicate the playing of a skilled pianist. This wonderful Metrostyle feature is different from anything else, and is found only on the genuine "Pianola" player-piano.

There is but ONE Genuine PIANOLA player-piano.

It is Standard of the World, and is made only by the Aeolian Co.

and the only place in Lima where it can be bought is at

B. S. Porter & Son, South Main St.

**Have Been Given Silver  
Cups, Spoons and  
Other Presents.**

---

London, Jan. 15.—For several days many babies born in England will bring their parents all sorts of valuable prizes in addition to the maternity benefits of the new national insurance act which took effect yesterday. The idea has so caught the public that many wealthy people are giving silver cups, porringers, spoons and money to the first babies born in various districts under the new act.

The first mother to become entitled to the maternity benefit of 30 shillings, was Mrs Army Goulling, the wife of a Paddington painter, who gave birth to a girl one minute past midnight. She was christened Georgiana as a compliment to Chancellor Lloyd-George. Another insurance baby has been christened Lloyd-George Churchill.
